## Constable Animation Instructions

### *Activity*

Create an animation around one of Constables landscapes. Draw your own characters to add to the painting before animating them. Draw four pictures before photographing them and creating a film.

### *Materials*

iPads

PuppetPals 2 (App)

Pencils

Worksheet (has YouTube address on it for families to watch at home)

Constable Painting Print Outs

Step 1 – Load Puppet Pals

Step 2 – Select “Add Actor from Photo”. This will load the camera. Take a photo of the drawing and then follow the onscreen instructions to cut out the figure. Do this for the four drawings.

Step 3 – Select your four chosen actors

Step 4 – Choose a Constable painting as a background. Take a photo of it by selecting “Add backdrop from photo”.

Step 5 – As before, select your backdrop and press next.

Step 6 – This is the screen to act out the play. Move and resize the actors by pinching them. The app also records the voice so you can tell a story too. When you are record to record, press the

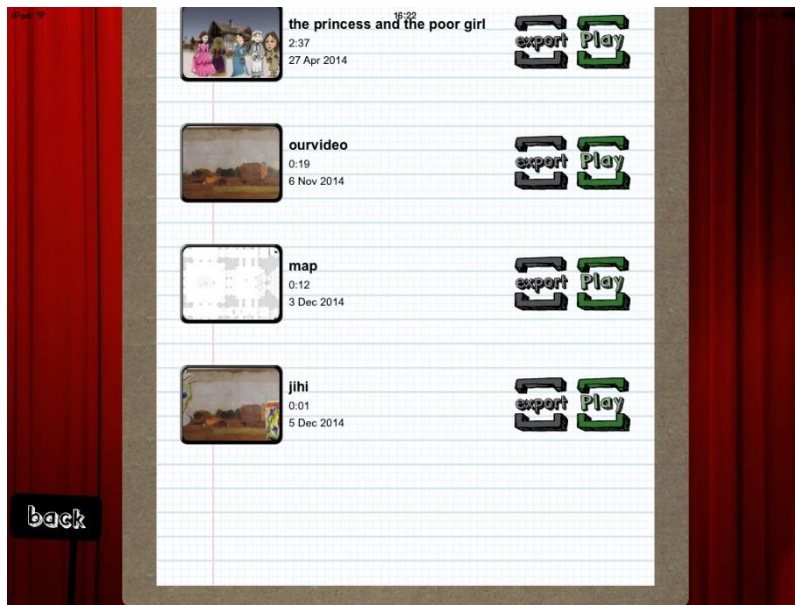

red button.

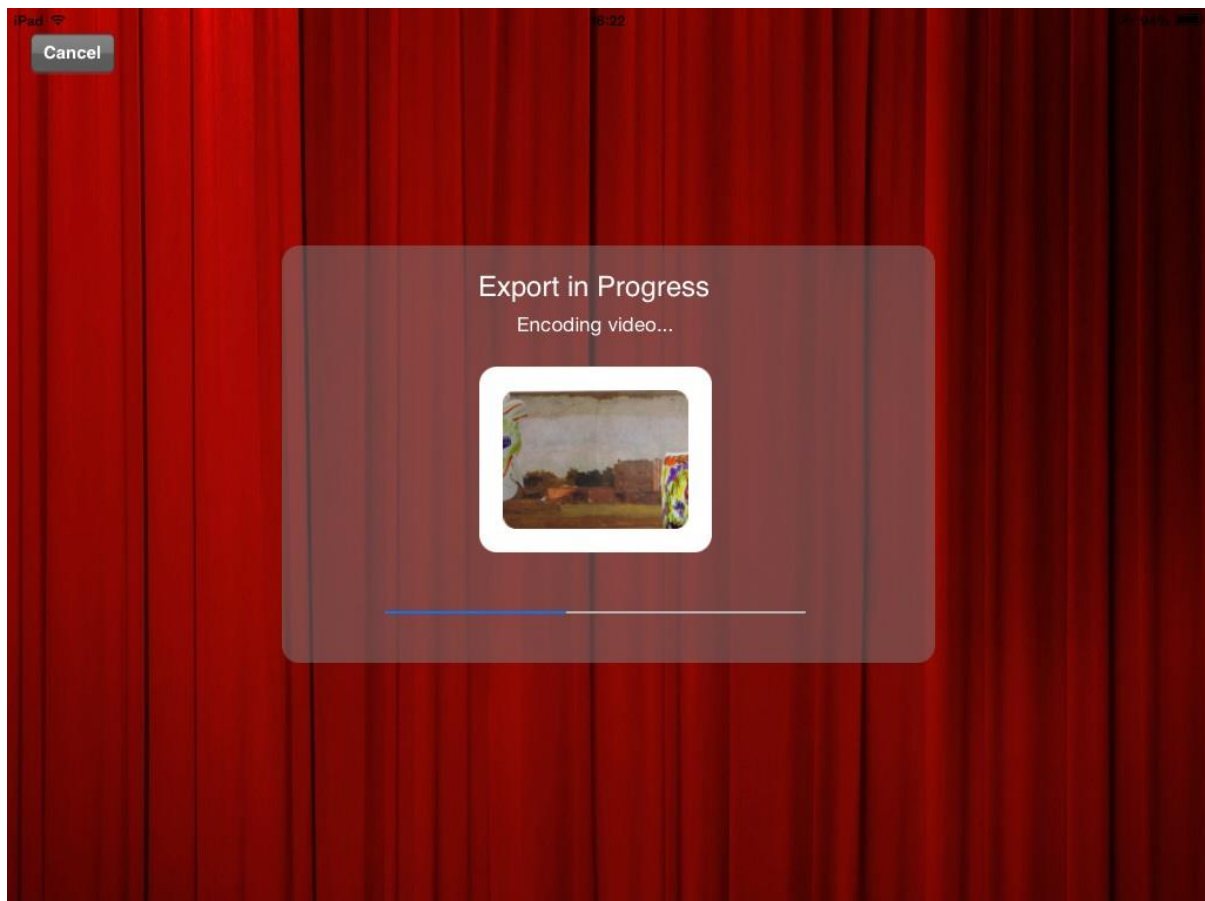

Step 7 – When you are finished press stop. To save press the disk button. When asked if you want to see the saved shows, say yes.

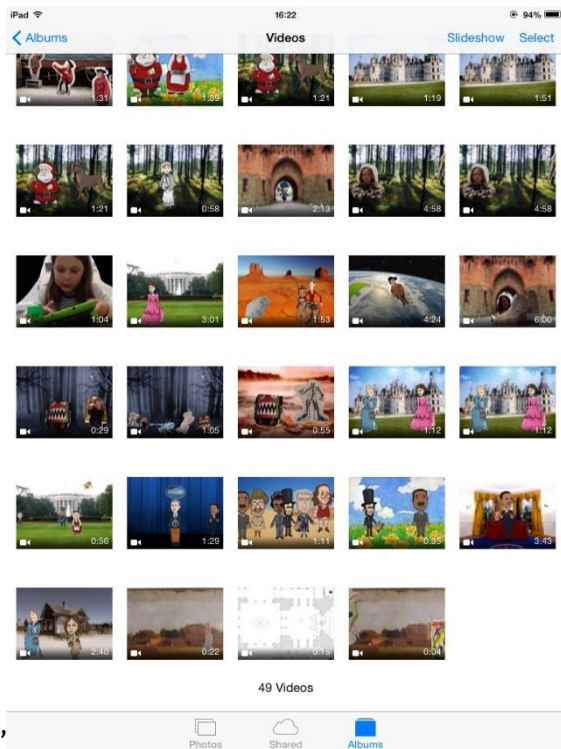

Step 8 – Find your show and press export.

Step 9 – Export the film.

Step 10 – When it has finished go to the Photos folder on the iPad and find the video under

“Videos”

Step 11 – Press the blue button in the bottom left corner to share it to your YouTube account, remember to post the link on the comments section of this blog post.
