

# Make your own pirate hat

Sheet 1 (front)

## Did You Know...

This hat is from the V&A Museum of Childhood collection.

It is a homemade party hat from the 1920s.

How would you decorate your hat?

1. Print out sheets 1 and 2 on separate pieces of thick A3 paper or card.
2. Cut out hat templates on both sheets following the dotted line.
3. Place the two white sides together. They should match up.
4. Staple the white rectangles on the side and top of the hat.
5. If it's too loose add more staples along the bottom.
6. Wear, look scary and say ARGH!
